Take a step back in time when you visit the **Whalehead Club Historic House Museum!** A spectacular example of Art Nouveau architecture and design, this magnificent residence was built in the 1920s during a time of prohibition and suffragettes. Mr. & Mrs. Edward Collings Knight, Jr. were wealthy northerners who owned homes in Philadelphia, PA and Newport, RI. With a love for Art Nouveau, and a passion for waterfowling, the Knights purchased a 4.5 mile tract of land and built what we now know as the **Whalehead Club**. Purchased by Currituck County in 1992, the residence has been restored to its former grandeur. Come see original artifacts on display inside the museum, such as Louis Comfort Tiffany light fixtures, Louis Majorelle furnishings and more! Take a guided tour and learn about the unique history which includes ties to the US Coast Guard during WWII, and solid rocket fuel testing during the Cold War era. Along with the historic boathouse and arched bridge, the **Whalehead Club** is listed in the **National Register of Historic Places**.

Currituck Heritage Park is located in the heart of historic **Corolla**, NC. Situated on 39 acres of pristine water front property, the park has much to offer!

- Rent a bicycle or a Segway at a **local shop**
- Grab a blanket, bring your family out for a picnic on the lawns, and maybe do some **kite flying**!
- Visit the **Outer Banks Center for Wildlife Education** and take a class, or check out the decoy collection and many exhibits.
- Climb the entire 214 steps to the top of the **Currituck Beach Lighthouse** and enjoy the view!
- For those that love the **water,** the park has a public boat ramp to launch your small shallow draft or flat bottom **boats**. Don't have a boat? Check out **local kayak rentals**, or relax and take a **pontoon boat ride** through Currituck Sound.
- Follow the **Interpretive Trail** and read the markers to learn about Corolla History and our Natural Habitats.
- Crabbing, fishing, or just sitting back watching the wildlife are always on tap! (Please contact the Wildlife Center for licensing information. 252-453-0221)
