UNIQUE EXPERIENCES

You've Never Played Outside Like This

Of course, waterfalls are a must-see in the mountains, but our adventures are something special. Go on a **llama hike**, or experience the thrill of nature's water slide at **Sliding Rock**. For an out-of-the-ordinary river adventure, spend some time with creatures below the river's surface with a biologist-guided river snorkeling tour from **Oxbow River Snorkeling**. Or, get a taste of the mountains with a honey tasting at **Killer Bees Honey** and tour the herb farms at **GAIA Herbs**.

DOWNTOWN BREVARD

Sip, Stroll, and Dine

Experience the kind of quality shopping and dining you'd expect from a busy city, but with the charm of a mountain town (and none of the traffic). Downtown Brevard is a year-round destination filled with one-of-a-kind local shops and delicious restaurants with seasonal flavors. The trout from **The Falls Landing** and crab bisque from **The Bohemian** are standouts. While exploring, sip and stroll in the Brevard Social District with a glass of wine from **Territory Wine Market** or a cold beer from the **Map Room at D.D. Bullwinkel's Outdoors**.

DARK SKIES Go Stargazing

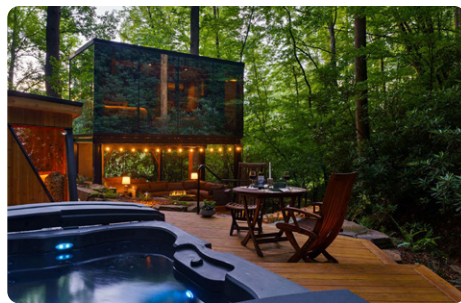

Transylvania County is fortunate to have some of the best skies for stargazing in the Southeast. We're home to one of only three certified Dark Sky places in North Carolina—**PARI, the Pisgah Astronomical Research Institute**. Head here to view the starry night sky, or take a drive to the Blue Ridge Parkway for a dazzling display of the cosmos.

Pro tip: with cold air and less foliage blocking the sky, winter is a great time for this celestial experience.

WATERFALLS NC's Land of Waterfalls

With hundreds of jaw-dropping cascades to explore—Transylvania County is the Land of Waterfalls. Some are tucked deep into the forest, while others are easy-to-reach roadside attractions. Favorites include **Looking Glass Falls** and **Upper Whitewater Falls**, the tallest waterfall east of the Mississippi River. Also known as Mother Nature's slip-n-slide, **Sliding Rock** is guaranteed to cool you off.

Destination Stewardship

Leave It Better for Future Generations

As a community that is deeply rooted in the natural beauty of our area, the people of Brevard and Transylvania County have a vested interest in the preservation of our public lands. Inspired by Leave No Trace principles and led by our favorite forest steward and spokesperson, Trashquatch, our campaign rallies residents and visitors to make trash as difficult to find as him. This creative campaign is interactive and fun, promising to keep our home special for future generations.
